Product Description

Features at a Glance

Turn your existing whiteboard/projection screen/most any flat surface into an interactive whiteboard.

Multi-pen supported! Up to four users can work simultaneously on the projected whiteboard surface.

Chromebook support added! Enjoy even more versatility with IW2.

Wireless and no WiFi required. No wired connection needed between Sensor Cam and computer. Interactive Pen works with similar technology as a wireless mouse. Works with all projector types, whether it's a standard projector, a portable

projector, or a short-throw/ultra short-throw projector.

Easy setup and calibration; start using IW2 in less than 5 minutes.

Control your computer remotely; use the Interactive Pen as a computer cursor.

Annotate your text and images with our free IPEVO Annotator software for PC or Mac.

Even more teaching possibilities when you use IW2 with an IPEVO doc cam.

Lightweight and portable for teacher or classroom changes.
